

Champion NON-DETERGENT MOTOR OILS

CHAMPION NON-DETERGENT MOTOR OILS are pure mineral pale oils manufactured from select high quality base stocks. These oils have excellent lubricity, and are recommended for use where the equipment manufacturer recommends a non-detergent straight mineral, or API SA classification motor oil. They have excellent cold flow characteristics, which make them a good choice where temperature extremes are a problem. They also are recommended for general oiling drip oilers, light duty circulating systems, and light duty air compressors.

SAE	TYPICAL SPECIFICATIONS			
	10W10	20W20	30	40
Product Code	4003	4004	4005	4006
Gravity API @ 60° F	29.5	28.0	21.5	28.5
Viscosity:
