

#4011  
HY TRAN

CHAMPION HY TRAN is formulated using the highest quality paraffinic base stocks available combined with the latest “state of the art” additives to produce a truly outstanding HY TRAN.

CHAMPION HY TRAN has excellent cold characteristics making it suitable for year around use except in the most severe cold climate. It protects the power train by reducing friction, protecting wet brakes, preventing rust and oxidation, reducing formation of gum, varnish, and corrosion, all of which leads to maximum protection under even the most extreme conditions and heavy loads. CHAMPION HY TRAN meets or exceeds all industry specs and maintains any existing warranties.

#### TYPICAL SPECIFICATIONS

Product Code	4011
Gravity API @ 60° F	28.3
Viscosity:	
cSt @ 40 ° C	64.8
cSt @ 100 ° C	9.5
Viscosity Index 121	
Viscosity cP @ -20 ° C	5000 Max
Pour Point ° F	-45
Flash Point ° F	430
Color	5

Exceeds the following specs:

Available in:	MS-1204
	MS-1205
#4011A - 55 gallon	MS-1206(Powergard PTF)
#4011D - 5 gallon	MS-1207 Hy-Trans Plus
#4011U - 2/2.5 gallon	MS-1210
