

# CHAMPION MICRO SPRINT RACING OILS

Champion's Fully Synthetic Micro Sprint Racing Oils are the first purpose-built engine oils specially formulated to provide unmatched protection and performance in wet-clutch Micro Sprint engines. With a robust additive system, including specially-designed wet-clutch additives, and premium synthetic base stocks, Champion Fully Synthetic Micro Sprint Racing Oils deliver track-proven, race-winning performance.

- Exceptional clutch performance due to perfectly balanced friction modification
- Superb protection against engine and valve-train wear
- Resists thickening and sludging due to oxidation
- Provides excellent film strength under extreme conditions
- Unmatched control of contamination and combustion by-products
- Protects designed oil flow by keeping oil galleys clear

Champion recommends its Fully Synthetic Micro Sprint Racing Oils for Micro, Lightning Non-Winged and Winged Outlaw, "A" Class, Stock Non-winged, Restricted "A" Class, Jr. Sprint, 1200CC Winged and Non-Winged sprint engines.

*\*Typical Properties:*

	4445	4446
SAE Grade	10W-40	20W-50
Viscosity @100C, cSt	14.3	20.3
Viscosity @40C, cst	98	155
Viscosity Index	150	150
Calcium, ppm	3200	3200
Phosphorous, ppm	1000	1000
Zinc, ppm	1100	1100

*\*Typical properties at point of manufacture; does not constitute a specification.*

**#4445, #4446**  
Effective 11/16
