CHAMPION 4000 ULTRA is our high-efficiency, all-weather synthetic transmission/hydraulic fluid designed for tractors, diggers, excavators and vocational equipment. Our synthetic hydrocarbon base oils and exceptionally shear-stable technology results in a fluid with optimal fluid life, cold flow, and viscosity control. Compounded with premium additives, 4000 ULTRA provides excellent anti-wear, extreme-pressure, friction control, cleanliness, anti-oxidant, anti-corrosion, and air release properties.

- Excellent cold-flow reduces start-up wear
- Shear stability and viscosity control reduce internal pump leakage
- Dispersants and anti-oxidants clean and control sludge and varnish
- Friction modifiers provide excellent resistance to noise, chatter, and slippage
- Extreme-pressure additive protects against scuffing and spalling of gears
- Seal conditioners prevent sloughing, blistering, cracking and hardening of gaskets
- Synthetic hydrocarbon base oil resists thermal and oxidative breakdown and releases water better than conventional base oils.
- Retains a better high temperature film strength than competing monograde and HV-type fluids.

Champion 4000 ULTRA meets both summer and winter grade John Deere specs – J20C and J20D – as well as J20D/CNH MAT 3526 winter specifications. 4000 ULTRA also meets specs of most major tractor and equipment manufacturers for transmission/hydraulic oil. It also meets the Parker Hannifin HF-0 pump specification.

Champion 4000 ULTRA reduces loss of power due to internal pump-leakage in hydraulic systems. This results in typically 5 – 10% reduction in fuel or energy consumption. By reducing your usage of fuel and electricity, you can save money and provide the best protection for your equipment.

PART# 4001

Champion 4000 ULTRA meets:

AGCO 821XL
API GL-4
CNH MAT 3505, 3510, 3525, 3526
Dennison HF-0, HF-1, HF-2 (except demulsibility)
Deutz-Allis 25743, 246634, 272843
Fiat Heston AF-87
Ford FNHA-2-C-200, FNHA-2-C-201
Ford ESN-M2C134A-D (NH-410B)
Ford ESN-M2C-41, 41A & B, & 43
Ford ESN-M2C53 A & B
Ford ESN-M2C-92A
Industry of Machinery and Tractors (IMT) (JCMAS), HK P-041 & P-042
JI Case International Famall (TCH Fluid)
JI Case MS1204-1205 (Powergard PFT)
JI Case MS1207
JI Case MS1210, MS1216
JI Case MS-1317
John Deere J14A-C
John Deere J21A
Komatsu KES 07.866, AXO80
Kubota UDT, Super UDT2
MF M1110, 1127, 1127 A&B
MF M1135 (Permatran III)
MF M1141, MF M1143
Parker (Denison UTTO) HF-0, HF-1, HF-2
Renk-Doromat 87.3 & 874A/B
Hydro Static Trans Fluid
Sperry Vickers/Eaton M2950S Mobil Hydraulics
Versatile Gear and HydrTrans Fluid
Volvo (VCE97303), except for grader rear axle
White/Minneapolis-Moline/Oliver/New Idea 55, 5J, 57
