

CHAMPION PDS

PRODUCT DATA SHEET

HEAVY DUTY COMPRESSOR OIL

Champion Heavy Duty Compressor Oil is recommended for lubrication of single stage, two stage, and multi stage reciprocating air compressors (piston type) or rotary screw compressors that specify a SAE 30 or a "non-detergent" 30 weight oil.

Champion Heavy Duty Compressor Oil is a long life, high film strength, energy efficient, synthetic lubricant that significantly increases the reliability and efficiency of reciprocating air compressors. It excels at reducing wear and keeping discharge valves free of harmful carbon deposits. The product forms a better seal and reduces friction between the cylinder wall and piston rings for greater compressor efficiency. It is formulated with Champion's unique heavy-duty compressor oil technology, which is proven to make equipment run smoother, cooler, quieter, longer and more efficiently.

High film strength
Rapidly separates from water
Saves energy
Synthetic solvency
Longer oil life
Excellent corrosion protection

PART# 4139

Available in:

4139H - 1 Quart
4139AN - 55 Gallon

TYPICAL PROPERTIES:

PRODUCT CODE:	4139
SAE GRADE	30
API GRAVITY @ 60°F	29.0
cSt @ 40°C	87.0
cSt @ 100°C	10.20
VISCOSITY INDEX	98
POUR POINT, °F	-10
FLASH POINT, °F	440
